(a) LONGBANANA Task

Reference set (~32 images)

Instruct Prompt (Partial)

Render a luxury boutique shelf, preserving its original structure, lighting, and surface. The scene features only structured, genuine leather handbags with dual parallel top handles. Clearly show these bags: structured black rectangular with rolled handles; camel tan calfskin trapezoid; ..... blush pink smooth leather; structured chocolate brown with thick rolled handles; and scarlet red rectangular. Every bag must have authentic leather texture (no fabric, nylon, or woven materials), rigid self-supporting geometry, and dual parallel leather top handles. The arrangement includes trapezoidal and rectangular silhouettes, plus cylindrical forms only if they maintain rigid structure and dual-handle symmetry.
